For claims of less than fifty thousand dollars (\$50,000), the City shall respond in writing to any written claim within 45 days of receipt of the claim, or may request, in writing, within 30 (thirty) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the City may have against the Contractor.

 - ii. The City's written response to the claim, as further documented, shall be submitted to the Contractor within 15 days after receipt of the further documentation or within a period of time no greater than that taken by the Contractor in producing the additional information, whichever is greater.
- C. For claims of over fifty thousand dollars (\$50,000) and less than or equal to three hundred seventy-five thousand dollars (\$375,000), the City shall respond in writing to all written claims within 60 (sixty) days of receipt of the claim, or may request in writing, within 30 (thirty) days of receipt of the claim, any additional documentation supporting the claim or relating to defenses to the claim the City may have against the Contractor.

AGREEMENT - cont.

provided pursuant to this subdivision, upon mutual agreement of the City and the Contractor.

ii. The City's written response to the claim, as further documented, shall be submitted to the Contractor within 30 (thirty) days after receipt of further documentation, or within a period of time no greater than that taken by the Contractor in producing the additional information or requested documentation, whichever is greater.

D. If the Contractor disputes the City's written response, or the City fails to respond within the time prescribed, the Contractor may so notify the City, in writing, either within 15 (fifteen) days of receipt of the City's response or within 15 (fifteen) days of the City's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon a demand, the City shall schedule a meet and confer conference within 30 (thirty) days for settlement of the dispute.

E. Following the meet and confer conference, if the claim or any portion remains in dispute, the Contractor may file a claim as provided in Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the running of the period of time within which a claim must be filed shall be tolled from the time the Contractor submits his or her written claim pursuant to subdivision (a) until the time that claim is denied as a result of the meet and confer process, including any period of time utilized by the meet and confer process.

F. This Section does not apply to tort claims and nothing in this section is intended nor shall be construed to change the time periods for filing tort claims or actions specified by Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code.

2. Pursuant to Public Contract Code Section 20104.4, the following procedures apply to civil actions to resolve claims of \$375,000 or less between the City and Contractor:

A. Within 60 (sixty) days, but no earlier than 30 (thirty) days, following the filing or responsive pleadings, the court shall submit the matter to non-binding mediation unless waived by mutual stipulation of both parties. The mediation process shall provide for the selection within 15 (fifteen) days by both parties of a disinterested third person as mediator, shall be commenced within 30 (thirty) days of the submittal, and shall be concluded within 15 (fifteen) days from the commencement of the mediation unless a time requirement is extended upon good cause showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15 (fifteen) day period, any party may petition the court to appoint the mediator.

B. If the matter remains in dispute, the case shall be submitted to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, notwithstanding Section 1141.11 of that Code. The Civil Discovery Act of 1986 (Article 3 (commencing with Section 2016) of Chapter

3 of Title 3 or Part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration.

- i. Notwithstanding any other provision of law, upon stipulation of the parties, arbitrators appointed for purposes of this section shall be experienced in construction law, and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates of pay not to exceed their customary rate, and such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division. In no event shall these fees or expenses be paid by state or county funds.
- ii. In addition to chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that Chapter, pay the attorney's fees of the other party arising out of the trial de novo.

C. The Court may, upon request by any party, order any witnesses to participate in the mediation or arbitration process.

3. Pursuant to Public Contract Code Section 20104.6:

- A. The City shall not fail to pay money as to any portion of a claim which is undisputed except as otherwise provided in the Agreement.
- B. In any suit filed under Public Contract Code Section 20104.4 concerning this Agreement, the City shall pay interest at the legal rate on any arbitration award or judgment. Such interest shall accrue from date the suit was filed.

EIGHTH: The Contractor agrees to immediately repair and replace all defective material and workmanship discovered within one year after acceptance by the City or final payment to Contractor and to indemnify the City against all loss and damage occasioned by any such defect, discovered within said year, even though the damage or loss may not be ascertained until after the expiration thereof. Provided, however, that if such failure of the Contractor to perform should not, by reasonable diligence, be discoverable or discovered within said one year, then the obligation of the Contractor to repair and replace said defective material or workmanship shall continue until one year after the actual discovery thereof.

NINTH: The Contractor agrees at all times during the progress of the work to carry with insurance carriers approved by the City full coverage worker's compensation and public liability insurance in the form and to the extent called for in Section 7.1.12 of both the Standard Specifications, State of California, July 1992, and the Design Standards and Standard Specifications, and the Standard Specifications for the Installation of Water Facilities Department of Public Works, City of Soledad, 2006 Edition. Certificates of Insurance must specify whether coverage is on a claims occurrence or claims made form. If the policy is claims made, Contractor will be required to obtain a bond which must remain in effect until 12 months following completion of work. Contractor shall also advise the insurance carrier to inform the City of the unpaid limits of the policy. Such insurance policy shall contain an endorsement that the same shall not be canceled nor the amount of coverage be reduced until

AGREEMENT - cont.

at least thirty days after receipt by the City of Soledad by certified or registered mail or a written notice of such cancellation or reduction in coverage.

TENTH: Contractor agrees to comply with all applicable federal, state and municipal laws and regulations, including but not limited to California Labor Code Division 2, Part 7, Chapter 1.

ELEVENTH: If the Contractor fails to fully perform the work contemplated under this agreement in accordance with the Contract Documents by the agreed upon time for completion, as such time may be amended by change order or other modification to this Agreement in accordance with its terms, and/or if the Contractor fails, by the time for completion, to fully perform all of the Contractor's obligations under this Agreement that have accrued by the time for completion, the Contractor will become liable to the City for all resulting loss and damage in accordance with the Contract Documents and applicable law. The City's remedies for the Contractor's failure to perform include, but are not limited to, assessment of **liquidated damages of \$1000 per day** in accordance with California Government Code Section 53069.85 and the Contract Documents, and/or obtaining or providing for substitute performance in accordance with the Contract Documents.

TWELFTH: The Contractor will be solely responsible for any and all losses, costs, or liabilities of any kind incurred by the Contractor, any subcontractor engaged in the performance of the contract work, any party supplying material or equipment for the work or any third party that are incurred pursuant to Contractor-proposed change orders prior to issuance of an approved change order.

Any changes in the work and/or the Contract Documents pursuant to change orders and any other amendments issued in accordance with the Contract Documents, will in all respects be subject to all provisions of the Contract Documents, except as modified by such change orders or amendments.

The City has the right to add, delete or change any aspect or any amount of the Work by written directive. If the City believes that it is entitled to a credit of money or time based on the written directive, City must ask contractor for a credit proposal and then negotiate a change order; if no agreement is reached, City may issue a unilateral change order and contractor may follow the contract's claim procedures if it wishes. If the contractor believes that the written directive will lead to additional cost or time for which contractor must be compensated, then contractor may submit a proposed change order. If the Contractor disputes a City directed change order following a reasonable effort by the City and the Contractor to resolve the dispute including, at a minimum, a meeting between appropriate representatives of the Contractor and the City, the Contractor must commence performing the work consistent with the disputed change order within five (5) working days of the last meeting between representatives of the Contractor and the City to resolve the dispute, or within the time specified in the disputed City directed change order, whichever is later. In performing Work consistent with a disputed City-directed change order pursuant to this provision the Contractor will have all of the Contractor's rights concerning claims pursuant to the Contract Documents and applicable law.

If the City disputes a Contractor proposed change order, the City and the Contractor will use reasonable efforts to resolve the dispute including, at a minimum, holding a meeting between appropriate representatives of the Contractor and the City. Regardless of and throughout any such efforts to resolve the dispute the Contractor must continue performing the work, as directed by the City, irrespective of and unmodified by the disputed change order. In continuing

AGREEMENT - cont.

to perform the work, the Contractor will retain all of the Contractor's rights under contract or law pertaining to resolution of disputes and protests between contracting parties. Disputes between the City and the Contractor concerning any Contractor-proposed change order or other amendment do not excuse the Contractor's obligation to perform the work in accordance with the Contract Documents excluding such Contractor-proposed change order or other amendment by the time for completion or waive any other Project milestone or other requirement of the Contract Documents.

THIRTEENTH: Contractor may request to provide securities in lieu of retention, and if Contractor so requests, Contractor must submit an Agreement to City in the form set forth in Public Contract Code Section 22300.

FOURTEENTH: If this Project will involve trenching deeper than four (4) feet, the Contractor must notify the City before disturbing any hazardous waste, subsurface conditions different from those indicated, or unusual conditions that may be encountered. City will promptly investigate and provide for change orders if necessary. If the Project involves trenching deeper than five (5) feet, Contractor must submit a detailed design for shoring and other work protection measures before work commences.

IN WITNESS WHEREOF, City has caused this instrument to be executed and its corporate name and seal to be hereunto attached by its Mayor, pursuant to resolution theretofore duly adopted by the Council of the City of Soledad, and Contractor has caused this instrument to be executed, the day and year first herein above written.
